<b>KEY:</b>						
<b>Lewes Triathlon</b>		✓	= South east region series event.			

### South East Series:

· Series rankings will be calculated from an athlete's best three results, of which two must be a triathlon.

A competitor's age is taken as of the 31/12/2010 and not age on race day.

The Tri star category is non competitive, there will be **no series places or prizes**.

## CHILDREN'S TRIATHLON AND MULTISPORT EVENTS - 2010

To be eligible to compete in the **South East Series** and to represent the region at the IRC's, athletes must either live in or be an active member of a BT club affiliated to the region.

*(Races in the **London series** are open to all athletes, irrespective of residence or club. However for 2010, only athletes who either live in the Triathlon London region, or represent a Triathlon London club will be eligible in the London series competition.)*

Athletes may only represent one region in any one year and must represent the same region in Aquathlon and Triathlon.

### Triathlon England South East Region IRC Selection Criteria (POSTED: 12TH FEB 2010)

Each year Triathlon England South East Region sends a team of 14 to the National Inter-Regional Championships. These athletes **MUST** be members of Triathlon England.

Two athletes from each age and gender from TriStar 2, 3 and three athletes from the Youths will be selected. In 2010 the selection criteria for the South East team will be:

- Automatic qualifications for 1st South East Region finisher at Human Race Children's Open Water Triathlon on Saturday 10th July 2010 for T2, T3 and youths (For T3 and Youths this will be the High Performance Drafting version).
- The remainder of the team will be selected from their performances in the South East Region Series races, and/or with their performance in the South East Regional Academy sessions. Final positions in the Tristar and Youth Series do not guarantee selection for the IRC Team but will be used as part of the process in considering an athlete's performance throughout the season.

The IRC Team will be selected by:

The Regional Head Coach  
The Team Manager

The Regional Series Co-Ordinator
